

STAGE 2 HEARING STATEMENT – TREVOR TARRAN

Matter 4

4.1 On question 2, I would reiterate the comments made under paragraphs 2.15 – 2.17 of my Matter 2 hearing statement regarding the unsustainability of the proposed Black Country employment site allocation. To allocate all 30ha of the employment land to Shifnal but all the 1500 house to three other settlements some considerable distance away (and in respect of Bridgnorth and to some extent Ironbridge lacking any sustainable means of public transport between the settlements), is illogical when the Council is claiming sustainable development as a key criteria for the Plan. Such divisive allocations is contrary to national policy on sustainable development and unsound.
