

Joint Strategic Needs Assessment (JSNA): Place-based approach

**Stakeholder Event – Wem and
surrounding area**

Overview

- What is a JSNA
- Why and what is a needs assessment?
- Initial work to date
- Next Steps

What is a Joint Strategic Needs Assessment?

Local Authorities and CCGs (now ICS) have a legal Statutory Duty to undertake a Joint Strategic Needs Assessment (JSNA), through the health and wellbeing board.

The JSNA seeks to identify **current** and **future health and wellbeing** needs in the local population and identify strategic **priorities** to inform commissioning of services based on those needs.

These priorities in turn inform the **Health and Wellbeing Strategy** and **Integrated Care Strategy**, key documents as a basis for commissioning health and social care services in the local area. We also believe they should support local **partners/communities' priorities**.

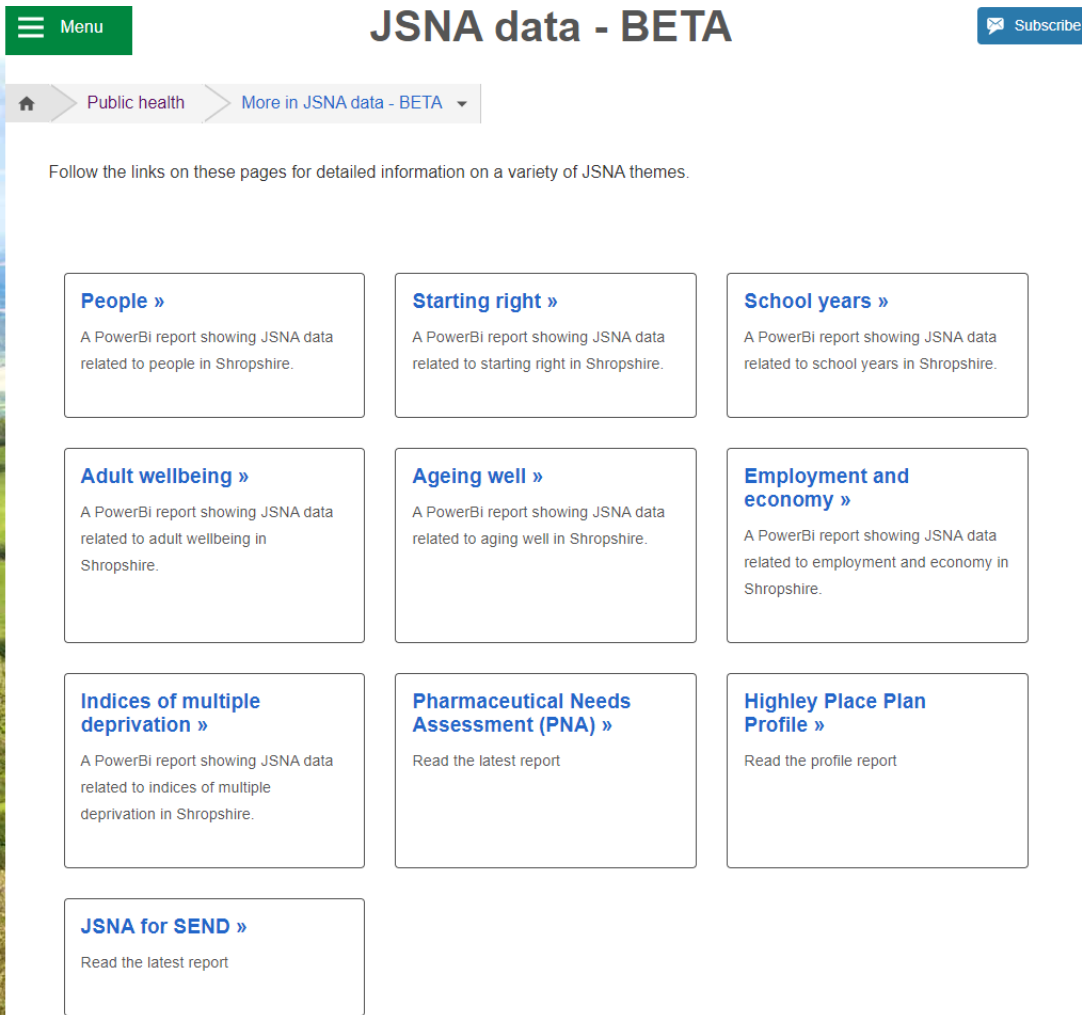

In Shropshire, our JSNA takes three types:

- Web based profiling Tool
- Thematic Needs Assessments - e.g., pharmacy, drug and alcohol and children
- **Place Based Needs Assessments**

JSNA Web Based Profiler Tool

<https://www.shropshire.gov.uk/public-health/jsna-data-beta/>

The screenshot shows the website's header with a 'Menu' button on the left and a 'Subscribe' button on the right. Below the header is a breadcrumb trail: 'Public health' > 'More in JSNA data - BETA'. A paragraph of text reads: 'Follow the links on these pages for detailed information on a variety of JSNA themes.' Below this are nine grid items, each with a title and a brief description:

- People »**: A PowerBI report showing JSNA data related to people in Shropshire.
- Starting right »**: A PowerBI report showing JSNA data related to starting right in Shropshire.
- School years »**: A PowerBI report showing JSNA data related to school years in Shropshire.
- Adult wellbeing »**: A PowerBI report showing JSNA data related to adult wellbeing in Shropshire.
- Ageing well »**: A PowerBI report showing JSNA data related to ageing well in Shropshire.
- Employment and economy »**: A PowerBI report showing JSNA data related to employment and economy in Shropshire.
- Indices of multiple deprivation »**: A PowerBI report showing JSNA data related to indices of multiple deprivation in Shropshire.
- Pharmaceutical Needs Assessment (PNA) »**: Read the latest report
- Highley Place Plan Profile »**: Read the profile report
- JSNA for SEND »**: Read the latest report

The web-based JSNA is an interactive tool that allows users to explore data relating to health need in Shropshire.

Shropshire Health and Wellbeing Strategy 2022 – 2027

Vision:

For Shropshire people to be the healthiest and most fulfilled in England

- Reducing inequalities
- Improving Population Health
- Working with and building strong and vibrant communities
- Joined up working

Indicator	Period	Shropshire			Region England			England	
		Recent Trend	Count	Value	Value	Value	Worst/ Lowest	Range	Best/ Highest
Life expectancy and causes of death									
Life expectancy at birth (Male)	2018 - 20	-	-	80.2	78.5	79.4	74.1		
Life expectancy at birth (Female)	2018 - 20	-	-	83.7	82.5	83.1	79.0		
Under 75 mortality rate from all causes	2018 - 20	-	3,043	296.5	365.2	336.5	570.7		220.1
Under 75 mortality rate from all cardiovascular diseases	2017 - 19	-	616	59.4	77.0	70.4	121.6		39.8
Under 75 mortality rate from cancer	2017 - 19	-	1,239	119.0	135.0	129.2	182.4		37.4
Suicide rate	2018 - 20	-	96	11.4	10.5	10.4	20.3		5.0
Injuries and ill health									
Killed and seriously injured (KSI) casualties on England's roads (historic data)	2016 - 18	-	-	-	-	-	-		-
Emergency Hospital Admissions for Intentional Self-Harm	2020/21	→	435	146.8	166.6	181.2	471.7		41.5
Hip fractures in people aged 65 and over	2020/21	→	455	553	584	529	746		
Cancer diagnosed at early stage (experimental statistics)	2017	→	693	49.2%	51.4%	52.2%	36.8%		61.0%
Estimated diabetes diagnosis rate	2018	-	-	71.4%	86.3%	78.0%	54.3%		
Estimated dementia diagnosis rate (aged 65 and over)	2022	→	3,251	60.1%	58.9%	62.0%	41.2%		
(significantly)				< 66.7%					
Behavioural risk factors									
Admission episodes for alcohol-specific conditions - Under 18s	2018/19 - 20/21	-	40	22.2	24.9	29.3	84.0		7.7
Admission episodes for alcohol-related conditions (Narrow): Old Method	2018/19	↑	2,368	689	739	664	1,127		389
Smoking Prevalence in adults (18+) - current smokers (APS)	2019	-	36,082	13.7%	14.1%	13.9%	27.5%		4.4%
Percentage of physically active adults	2020/21	-	-	72.9%	63.0%	65.9%	48.8%		3.4%
Percentage of adults (aged 18+) classified as overweight or obese	2020/21	-	-	68.0%	66.8%	63.5%	76.3%		
Child health									
Under 18s conception rate / 1,000	2020	→	62	11.5	15.1	13.0	30.4		2.1
Smoking status at time of delivery	2020/21	→	264	11.0%	10.6%	9.6%	21.4%		1.8%
Breastfeeding initiation	2016/17	-	2,019	78.4%	68.9%	74.5%	37.9%		96.7%
Infant mortality rate	2018 - 20	-	37	4.7	5.6	3.9	8.3		0.8
Year 6: Prevalence of obesity (including severe obesity)	2019/20	→	-	15.1%*	23.9%	21.0%	30.1%		
Inequalities									
Deprivation score (IMD 2015)	2015	-	-	16.7	-	21.8	42.0		5.0
Smoking prevalence in adults in routine and manual occupations (18-64) - current smokers (APS)	2019	-	-	25.6%	23.3%	24.5%	60.3%		3.5%
Inequality in life expectancy at birth (Male)	2018 - 20	-	-	5.5	10.1	9.7	17.0		
Inequality in life expectancy at birth (Female)	2018 - 20	-	-	3.5	7.9	7.9	13.9		
Wider determinants of health									
Children in low income families (under 16s)	2016	↓	5,850	12.2%	20.3%	17.0%	31.8%		3.8%
Average Attainment 8 score	2020/21	-	146,700	50.3	49.5	50.9	42.7		
Percentage of people in employment	2020/21	→	139,300	76.4%	73.7%	75.1%	59.5%		
Statutory homelessness - Eligible homeless people not in priority need	2017/18	→	388	2.8	1.1	0.8	-		Insufficient number of values for a spine chart
Violent crime - hospital admissions for violence (including sexual violence)	2018/19 - 20/21	-	170	20.0	37.7	41.9	116.8		7.9
Health protection									
Excess winter deaths index	Aug 2019 - Jul 2020	-	190	16.7%	18.0%	17.4%	50.2%		0.7%
New STI diagnoses (exc chlamydia aged <25) / 100,000	2020	→	582	299	442	619	3,547		158
TB incidence (three year average)	2018 - 20	-	19	2.0	9.8	8.0	43.1		0.3

People in Shropshire are living longer, but not necessarily healthier lives...

Measure	England	Shropshire	Range (Ward)	Range (Ward)
IMD Score (higher score = more deprivation)	21.7	17.2	3.7 (Copthorne)	37.6 (Harlescott)
Life expectancy at birth, (Male)	79.5	80.3	75.6 (Sundorne)	85.4 (Copthorne)
Life expectancy at birth, (Female)	83.2	83.6	78.7 (Sundorne)	89.2 (Clun)
Deaths all causes, all ages, SMR	100	95.7	62.8 (Copthorne)	141 (Worfield)
Deaths all causes, under 75, SMR	100	88.3	45.9 (Clun)	144.6 (Sundorne)
Preventable deaths, under 75, SMR	100	84.3	41.9 (Clun)	157.0 (Underdale)

Indicator	Shropshire	England
Healthy Life Expectancy (HLE) Males	62.8	63.1
Inequality in HLE Males	5.5	9.7
HLE Females	67.1	63.9
Inequality in HLE Females	3.5	7.9

Ward	Cheswardine	Prees
Male Life Expectancy	78.2 years	81.4 years
Female Life Expectancy	83.0 years	84.7 years

- We collected various data indicators locally
- The metrics were based on nationally collected data where it is possible to break down to a smaller geography
- Same metrics have been used in the previous place plan events (Highley, Oswestry, Bishop's Castle, Whitchurch, Shrewsbury, Ludlow, Market Drayton and Albrighton)
- This is a starting point. These metrics will be revisited and expanded to take into account further data sources
- These metrics are data based and completely unrelated to the engagement survey shown later!
- We have grouped these data metrics together in order to give an overview of each place plan area – breakdown on following slides

Healthy People

Education

How far to people need to travel?

What are the needs of adults?

How are school children performing?

Health

How long are people living?

How well are people living?

How many people have a long-term illness?

Relationships & Trust

What is the crime rate?

How many people older people are living alone?

Healthy Economy

Equality

Are houses affordable?

Is the income of residents similar?

Are some areas wealthier than others?

Economy

How many working age people are unemployed?

What's the medium income?

How many people have a dependent?

Cost of living

How many people claim benefits?

Can people heat their homes?

How many households are on low income?

Healthy Environment

Transport & mobility

How far is the nearest supermarket?

How close is the local primary school?

How close is the GP?

Housing

Are houses affordable for residents?

Is the housing suitable for people's needs?

What is quality of the houses in the area?

Environment

Do people have access to green space?

What is the air quality like?

How many road traffic accidents are there?

How does Wem overall compare to the 17 other areas?

Strengths

- Equality

Challenges

- Education & learning access

Group	Definition	Label
1st quartile	Top 25% of the 18 Place plan areas	Best
2nd quartile	Areas that lie between 25% and 50% in the rankings	Better than average
3rd quartile	Areas that lie between 50% and 75% in the rankings	Worst than average
4th quartile	Worst 25% of the 18 Place plan areas	Worst

Wem Health & Wellbeing Index: Overview

Compared to Shropshire average:

Better:
Healthy Economy

Worse:
Healthy People

Wem Health & Wellbeing Index: Sub-themes

Identifies where Wem is **stronger** or **weaker** for the specific themes.

Stronger:

- Relationships and trust
- Equality
- Cost of Living Vulnerability

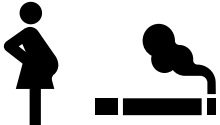

Weaker:

- Education and learning access
- Health
- Equality
- Economy, Work and Employment

Smoking at time of delivery

- Wem had 557 deliveries between 2017/18 and 2021/22, which is the 5th highest of the 18 place plan areas.
- However, the rate of smoking (9.3%) was the 7th lowest place plan area, similar to Shropshire's (10.7%)

Smoking at Delivery data for Shropshire and Wem Place Plan Area, 2017/18 to 2021/22

Area name	 Number of deliveries	 Percentage of mothers who were known to be smoking at time of delivery	Statistical comparison against Shropshire
Wem Place Plan Overall	557	9.3%	Similar
Shropshire	9,626	10.7%	-
England		10.1%	

Disease Prevalence

There are differences in disease prevalence within the Wem area. RAG rating place plan area against Shropshire, Telford and Wrekin CCG prevalence

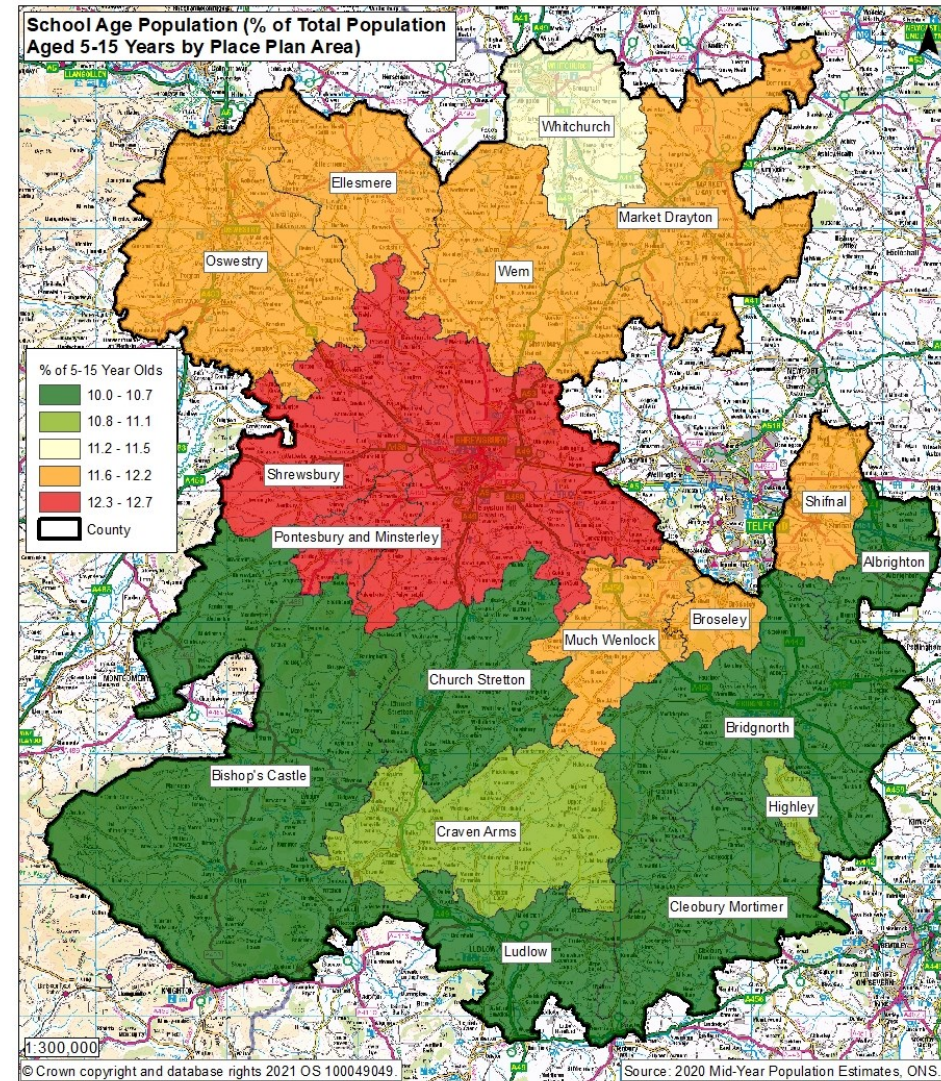

Disease or condition	Wem Place Plan Area	NHS Shropshire, Telford and Wrekin CCG	ENGLAND
Atrial Fibrillation Prevalence	2.9% H	2.5%	2.1%
Asthma Prevalence (6+)	7.6% H	7.1%	6.5%
CHD Prevalence	3.9% H	3.5%	3.0%
COPD Prevalence	1.8% S	2.0%	1.9%
Dementia Prevalence	0.8% S	0.9%	0.7%
Depression Prevalence (18+)	12.4% L	14.5%	12.7%
Heart Failure Prevalence	0.8% S	0.9%	1.0%
Hypertension Prevalence	17.1% H	15.6%	14.0%
Learning disabilities Prevalence	0.5% S	0.5%	0.5%
Mental health Prevalence	0.5% L	0.8%	0.95%
Obesity Prevalence (18+)	7.9% H	7.3%	9.7%
Peripheral arterial disease Prevalence	1.0% H	0.8%	0.6%
Stroke and transient ischaemic attack Prevalence	2.9% H	2.4%	1.8%

Wider determinants of health

There are differences between wards within the Wem area across a number of wider determinants,
Ranking : **1 = worst, 63 = best**)

Ward (2022)	Unemployment, 2021-22	Child Poverty, English Indices of Deprivation, 2019	Income deprivation, English Indices of Deprivation, 2019	IMD Score, 2019	Long term unemployment, 2021-22	General fertility rate: live births per 1,000 women aged 15-44 years, 2016-20	A&E attendances in under 5 years old, three year average	Emergency admissions in under 5s, 2016/17 to 2020/21

21

With regard to what need improving, can you say more?

These are a summary of the main themes from the comment

Although most comments touched on several different themes

“no bus service at all in whixall - nearest hospital is 40 minutes away - whitchurch hospital should be open more. very difficult to see a cp”

“3 weeks for a doctors appointment, 10 days for a prescription at chemist. Doctors diagnosing over the phone, being sent to a&e instead of an appointment. “

“Access to the Drs and health care has really gone down hill since before covid. Having to repeatedly order prescriptions for long term medication monthly is particular irksome and a waste of the drs time. “

“All mental Health services are accessed through bee-u ... waiting lists are 18-24 months , often kids told they don’t meet the threshold for referral to therapeutic services... BEAM now only open in Telford. Kids don’t want online support they want and need face to face appointments. GP services are atrocious in Wem and need again face to face appointments.”

“Roads are in a shocking condition, GP appointments are hard to get, therefore is no NHS dental access at all, too much litter in the countryside “

“The main roads through Wem and going out to the A41, need resurfacing as the potholes are likely to cause serious damage to vehicles soon. Where there are side walks, the pavings need to be flatter. There needs to be Police presence, to prevent drugs activities going on in the town of Wem. Pharmacy in Wem is currently not adequate for the population of the Wem. General Practitioners appointments could be made easily more available. Provisions of shops for groceries inadequate.”

Main Theme

With regard to what need improving, can you say more? Under 25s responses

These are a summary of the main themes from the comment

Although most comments touched on several different themes

"less intimidating GP surgery staff & potholes are awful around Wem and particularly surrounding areas "

"More integrated multicultural community spaces that will facilitate improving relationships between people from all different backgrounds "

"The roads are in a dreadful state, more people are using their cars as the public transport is so bad, but the traffic congestion is getting worse now too. "

"i wish there was more to do in wem like more cafes, restaurants, shops targeted towards young people, bars, cinema etc. "

"gym lacks proper equipment to aid muscle issues and weaknesses. as well as health issues"

"Children mental health support is not local and or in school time only"

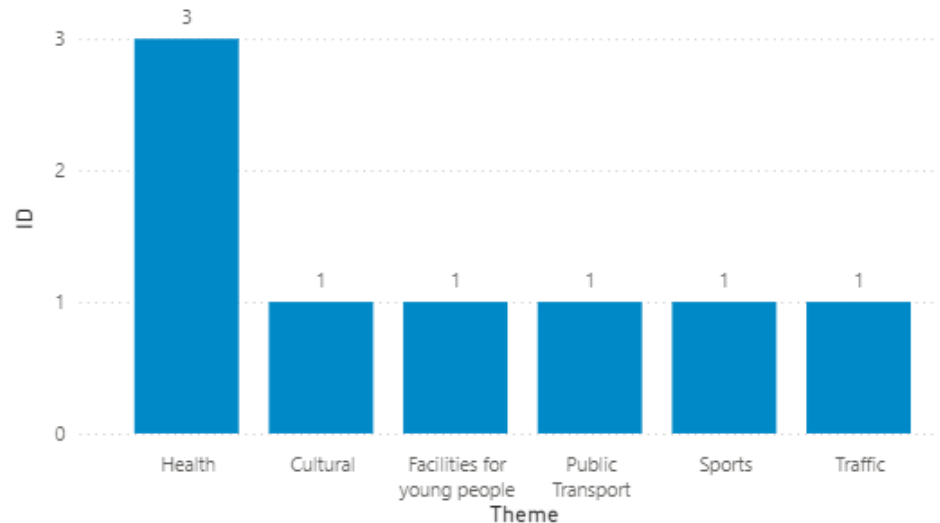

"The state of the roads, the unreliability of public transport, the difficulty accessing timely healthcare and the unliveable cost of living are the four primary challenges faced in this community"

"Improved and maintained swimming facilities"

Not including health services, which things are most important to your health and wellbeing where you live?

Under 25 responses

What do you think the biggest health issues are that affect you and your family? – Under 25s responses

These are a summary of the main themes from the comment. Although most comments touched on several different themes

"i think having readily available doctors appointments is most important "

"Physical symptoms as a result of stress and mental health"

"Pollution is getting worse, traffic is getting worse and it is getting harder to get out into open space and get fresh air. "

"Mental health, money"

"Better GP and A & E services"

"stress/anxiety - mental health "

"Our house is cold 3/4 of the year therefore there is a lot of mould which keeps coming back, and some rooms freeze over in winter as the heating that we can afford is insufficient and we cannot afford to fix the insulation, which has had a considerable impact on mental health over the years. Our household also struggles with fitness and healthy eating, as due to the cold most of our energy is usually reserved for staying warm, and due to mental health conditions such as depression and anxiety as well as the extortionate cost of living, the food budget is tight and unhealthier foods are often much cheaper so it is more affordable to stock up on them"

"Awareness needs raising about practical support, mental health, addressing loneliness for those housebound and living alone. "

"I would like to see local bus stop at medical practice and hope it is a hail and ride service as originally proposed "

"If you consider the other towns in the local area Market Drayton, Ellesmere and Whitchurch, Wem is very much the poor relation. It has become a dormitory town for Shrewsbury. The push to build new houses in Wem without the infrastructure, school places, and shopping facilities or even the ability to get around the medieval layout of the town has a very detrimental effect on the ability of the town to thrive. "

"I just hope the decisions the LA make are based on an increase in sustainable face to face support. Not all can manage online and it is not the answer for young people who are limited in their independence and those without a decent connection or ability to use a computer."

"Please continue to give pip to those who have life-long disabilities and don't remove them on review "

Group Discussion

1. What are the key themes for the Wem Place Plan Area?
2. What is already happening around the key themes?
3. What actions do we need to take to improve the key themes?
