In terms of best fit the map above shows three LLSOA's covering Meole ED. E01028964 is a best fit to West Meole, E01028963 is a best fit for Meole Village and E01028962 is a best fit to Meole Estate. Source: Mid-Year Estimates 2020, ONS. The results of the 2021 Census are due for release in phases this year from Summer 2022 onwards. This will provide the most up to date population information. Estimates related to Meole areas and streets stated are best fit, it is not possible to obtain pop estimates by streets and bespoke areas which fall outside ONS Geography.

Percentage of the Total Population

| Age | E01028962 | E01028963 | E01028964 | Total all areas |
|-----------------|-----------|-----------|-----------|-----------------------|
| 0 to 4 | 7% | 5% | 5% | 5% |
| 5 to 11 | 12% | 6% | 7% | 8% |
| 12 to 17 | 8% | 9% | 7% | 8% |
| 18 to 25 | 8% | 6% | 5% | 6% |

Note: the LLSOA's are a best fit the Electoral Division and to the areas. E01028962 is split between two ED's, however the majority of Meole Estate and houses are within this LLSOA. Part of E01028964 falls outside of the Meole ED boundary and encompasses part of Radbrook so the populations in this LLSOA are very much a best fit estimate. It may be possible to apportion the population out using address point if more accuracy is needed.
