- 4.2** No unauthorised alteration or addition should be made to the Specification and Tender Response Document, or to any other component of the Tender document. If any such alteration is made, or if these instructions are not fully complied with, the Tender may be rejected.
- 4.3** Qualified tenders may be submitted, but the Council reserves the right not to accept any such tender. The Council's decision on whether or not a Tender is acceptable will be final.
- 4.4** Tenderers should note that their Tender must remain open and valid and capable of acceptance for a period of at least 90 days.

4.5 Tenderers should note that Tenders and supporting documents must be written in English and that any subsequent contract, which may or may not be entered into, its formation, interpretation and performance, shall be subject to and in accordance with the laws of England and subject to the jurisdiction of the Courts of England and Wales.

4.6 Where Tender submissions are incomplete the Council reserves the right not to accept them.

5.0 **Variant Bids**

5.1 The Council is interested in alternative solutions which would provide and develop opportunities for savings in service costs, service improvement or other financial benefits. In particular, the Council wishes to encourage solutions which also deliver benefits and added value to the local economy, residents and the business community.

5.2 Tenderers may submit, at their discretion, a Tender offering a different approach to the project as a "Variant Bid". However, to permit comparability, at least one bid must be submitted strictly in accordance with the Invitation to Tender Documents (the "Compliant Tender"). Any Tender variant proposed must clearly state how it varies from the requirements of the Compliant Tender Documents, and be explicit in demonstrating the benefits that will accrue to the Council from adopting this approach. Tenderers will be required to identify which submission, in their view, demonstrates best value to the Council.

5.3 Variant Bids must contain sufficient financial and operational detail to allow any Variant Bid to be compared with the standard Tender, permitting its considerations in written form.

6.0 **Tender Evaluation**

6.1 The Tenderers may be called for interview to seek clarification of their tender or additional or supplemental information in relation to their tender. The presentations will not carry any weighting to the final score achieved by Tenderers, but will be used to clarify and moderate issues raised in the Tenderer's submissions. Any areas of discrepancy between submissions and information gained from the presentations will be reviewed and scores previously awarded will be amended if necessary.

6.2 If the Council suspects that there has been an error in the pricing of a Tender, the Council reserves the right to seek such clarification, as it considers necessary from the Tenderer in question.

7.0 **Clarifications**

These responses shall have the full force of this Instruction and where appropriate the Conditions of Contract. If a Tenderer wishes the Council to treat a question as confidential this must be expressly stated. The Council will consider such requests and will seek to act fairly between the Tenderers, whilst meeting its public law and procurement duties in making its decision.
- 7.6** Except as directed in writing by the Authorised Officer, and confirmed in writing to a Tenderer, no agent or officer or elected Member (Councillor) of the Council has any express or implied authority to make any representation or give any explanation to Tenderers as to the meaning of any of the Tender Documents, or as to anything to be done or not to be done by a Tenderer or to give any warranties additional to those (if any) contained in the ITT or as to any other matter or thing so as to bind the Council in any way howsoever.

- i) issuing this Invitation to Tender;
 - ii) communicating with a Tenderer, a Tenderer's representative or agent in respect of this procurement exercise;

- 8.3** At any time before the deadline for receipt of tender returns the Council may modify the Invitation to Tender by amendment. Any such amendment shall be numbered and dated and issued by the Council to all participating tenderers. In order to give prospective Tenderers reasonable time in which to take the amendment into account in preparing its Tender return, the Council may in its sole discretion, extend the deadline for submission of the tender returns. The Council reserves the right to amend, withdraw, terminate or suspend all or any part of this procurement process at any time at its sole discretion.

- 9.2** The Contract documents and publications are and shall remain the property of the Council and must be returned upon demand.
- 10.3** Tenderers shall ensure that each and every sub-contractor, consortium member and/or professional advisor to whom it discloses these papers complies with the terms and conditions of this ITT.
- 9.4** The contents of this Invitation to Tender are being made available by the Council on condition that:
- 9.4.1** Tenderers shall at all times treat the contents of the Invitation to tender and any related documents as confidential, save in so far as they are already in the public domain and Tenderers shall not, subject to the provisions relating to professional advisors, sub-contractors or other persons detailed below, disclose, copy, reproduce, distribute or pass any of the contents of the Invitation to tender to any other person at any time or allow any of these things to happen;
- 9.4.2** Tenderers shall not use any of the information contained in this Invitation to tender for any purpose other than for the purposes of submitting (or deciding whether to submit) the tender; and
- 9.4.3** Tenderers shall not undertake any publicity activity within any section of the media.
- 9.5** Tenderers may disclose, distribute or pass this Invitation to tender to their professional advisors, sub-contractors or to another person provided that:
- 9.5.1** this is done for the sole purpose of enabling an Invitation to tender to be submitted and the person receiving the Information undertakes in writing to keep the Invitation to Tender confidential on the same terms as if that person were the Tenderer; or
- 9.5.2** the Tenderer obtains the prior written consent of the Council in relation to such disclosure, distribution or passing of the Invitation to Tender; or
- 9.5.3** the disclosure is made for the sole purpose of obtaining legal advice from external lawyers in relation to the procurement or to any Contract(s) which may arise from it; or
- 9.5.4** the Tenderer is legally required to make such a disclosure.
- 9.6** The Council may disclose detailed information relating to the Invitation to Tender to its officers, employees, agents, professional advisors or Governmental organisations and the Council may make any of the Contracts and procurement documents available for private inspection by its officers, employees, agents, professional advisors, contracting authorities or Governmental organisations.

9.7 Transparency of Expenditure

Further to its obligations regarding transparency of expenditure, the Council may be required to publish information regarding tenders, contracts and expenditure to the general public, which could include the text of any such documentation, except for any information which is exempt from disclosure in accordance with the provisions of the Freedom of Information Act to be determined at the absolute discretion of the Council.

10.0 Freedom of Information

10.1 Please note that from 1 January 2005 under the provisions of the Freedom of Information Act 2000, the public (included in this are private companies, journalists, etc.) have a general right of access to information held by public authorities. One of the consequences of those new statutory responsibilities is that information about your organisation, which Shropshire Council may receive from you during this tendering process may be subject to disclosure, in response to a request, unless one of the various statutory exemptions applies.

10.2 In certain circumstances, and in accordance with the Code of Practice issued under section 45 of the Act, Shropshire Council may consider it appropriate to ask you for your views as to the release of any information before we make a decision as to how to respond to a request. In dealing with requests for information under the Act, Shropshire Council has to comply with a strict timetable and it would therefore expect a timely response to any such consultation within five working days.

10.3 If, at any stage of this tendering process, you provide any information to Shropshire Council in the expectation that it will be held in confidence, then you must make it clear in your documentation as to the information to which you consider a duty of confidentiality applies. The use of blanket protective markings such as “commercial in confidence” will no longer be appropriate and a clear indication as to what material is to be considered confidential and why should be given.

10.4 Shropshire Council will not be able to accept that trivial information or information which by its very nature cannot be regarded as confidential should be subject to any obligation of confidence.

10.5 In certain circumstances where information has not been provided in confidence, Shropshire Council may still wish to consult with you as to the application of any other exemption such as that relating to disclosure that will prejudice the commercial interests of any party. However the decision as to what information will be disclosed will be reserved to Shropshire Council.

For guidance on this issue see: <http://www.ico.gov.uk>

11.0 Disqualification

11.1 The Council reserves the right to reject or disqualify a Tenderer's Tender submission where:

The Canvassing Certificate must be completed and returned as instructed.

11.1.4 The Tenderer :

a) Fixes or adjusts the amount of his Tender by or in accordance with any agreement or arrangements with any other person; or

b) Communicates to any person other than the Council the amount or approximate amount of his proposed Tender (except where such disclosure is made in confidence in order to obtain quotations necessary for preparation of the Tender for insurance purposes); or

c) Enters into an agreement or arrangement with any other person that he shall refrain from tendering or as to the amount of any Tender to be submitted; or

d) Offers or agrees to pay or give or does pay or gives any sum of money, inducement or valuable consideration directly or indirectly to any person for doing or having done or causing or having caused to be done in relation to any Tender or proposed Tender for the services any act or omission; or

11.2 Any disqualification will be without prejudice to any other civil remedies available to the Council and without prejudice to any criminal liability which such conduct by a Tenderer may attract. The Non-Collusive Tendering Certificate must be completed and returned as instructed.

11.3 The Council reserves the right to disqualify an Applicant from further participating in this procurement process where there is a change in the control or financial stability of the Tenderer at any point in the process up to award of a contract and such change of control or financial stability has a materially adverse effect on the Tenderer's financial viability or ability to otherwise meet the requirements of the procurement process.

12.0 E-Procurement

As part of its procurement strategy Shropshire Council is committed to the use of technology that can improve the efficiency of procurement. Successful Tenderers may be required to send or receive documents electronically. This may include purchase orders, acknowledgements, invoices, payment advices, or other procurement documentation. These will normally be in the Council's standard formats, but may be varied under some circumstances so as not to disadvantage small and medium suppliers.

13.0 Award of Contract

13.1 Award Criteria

The Award Criteria has been set out within the Tender Response Document accompanying this invitation to tender. The Council is not bound to accept the lowest or any Tender.

13.2 Award Notice

The Council will publish the name and addresses of the successful Tenderers in the Official Journal of the European Union (OJEU) where appropriate. The Contracting Authority reserves the right to pass all information regarding the outcome of the Tendering process to the Office of Fair Trading to assist in the discharge of its duties. Additionally, the Council will adhere to the requirements of the Freedom of Information Act 2000 and Tenderers should note this statutory obligation.

13.3 Transparency of Expenditure

Further to its obligations regarding transparency of expenditure, the Council may also be required to publish information regarding tenders, contracts and expenditure to the general public, which could include the text of any such documentation, except for any information which is exempt from disclosure in accordance with the provisions of the Freedom of Information Act to be determined at the absolute discretion of the Council.

Tendering, together with the formal written acceptance by the Council will form a binding agreement between the Contractor and the Council.

- 15.3 All successful Tenderers accepted onto the framework will be required to work to strict quality standards and deadlines, as detailed in individual purchase orders, failure to meet such quality standards or deadlines will result in a breach of a condition of contract and remedies will be sought, as appropriate, by the Council.
- 15.4 Please also note that the Council will monitor the quality of work supplied and delivery of such work under the framework and reserve the right to remove any successful Tenderer from the framework where they fail to meet reasonable standards in these areas.
- 15.5 The Tenderer shall be prepared to commence the provision of the services on the start date of the contract arrangement being 1 April 2013.

16.0 **Payment Terms**

Tenderers should particularly note that the principles governing public procurement require that, as far as is reasonably possible, payments for Goods, Works or Services are made after the provision. Therefore any indication of a pricing strategy within a Tender which provides for substantial payments at the outset of the Contract will be examined carefully to decide whether or not a Tender in such form can be accepted. If in the opinion of the Council such substantial payments appear excessive in relation to the requirements of the Contract the Council reserves, without prejudice to any other right to reject any Tender it may have, the right to require the Tenderer to spread such proportion of the costs as are considered excessive over the duration of the Contract.

17.0 **Liability of Council**

- 17.1 The Council does not bind himself to accept the lowest or any tender.
- 17.2 The Council does not accept any responsibility for any pre-tender representations made by or on its behalf or for any other assumptions that Tenderers may have drawn or will draw from any pre-tender discussions.

- 17.4 The Council shall not be liable for any costs or expenses incurred by any Tenderer in connection with the preparation of a Tender return for this procurement exercise, its participation in this procurement whether this procurement is completed, abandoned or suspended.

Neither the Council nor any of its staff, agents, elected Members, or advisers accepts any liability or responsibility for the adequacy, accuracy or completeness of any

information given, nor do they make any representation or given any warranty, express or implied, with respect to the Tender Documents or any matter on which either of these is based (including, without limitation, any financial details contained within the Specification and Contract Documentation). Any liability is hereby expressly disclaimed save in the event of fraud, or in the event of specific warranties provided within the Contract Documentation.

Assessment	Mark	Interpretation
Excellent	10	<i>Exceeds the requirement. Exceptional demonstration by the Tenderer of how they will meet this requirement by their allocation of skills and understanding, resources and quality measures. Response identifies factors that demonstrate added value, with evidence to support the response.</i>

	9	
Good	8	<i>Satisfies the requirement with minor additional benefits Above average demonstration by the Tenderer of how they will meet this requirement by their allocation of skills and understanding, resources and quality measures. Response identifies factors that demonstrate added value, with evidence to support the response.</i>
	7

	3	
Serious Reservations	2	<i>Satisfies the requirement with major reservations. Considerable reservations regarding how the Tenderer will meet this requirement by their allocation of skills and understanding, resources and quality measures, with little or no evidence to support the response.</i>
	1	
Unacceptable	0	<i>Does not meet the requirement Does not comply and/or insufficient information provided to demonstrate how the Tenderer will meet this requirement by their allocation of skills and understanding, resources and quality measures, with little or no evidence to support the response.</i>

The use of odd numbers indicates an answer's allocated mark lies between definitions.

The tender receiving the highest quality mark overall will receive the full 40% (200 marks) available. Other tenders will receive a % that reflects the difference in the marks between those tenders and the tender receiving the highest mark.

Price Evaluation and scoring

The most competitively priced tender will receive the maximum mark for price being 300.

Price makes up 60% of the total marks available. Price will be scored by using the cost per m² from the quotation sheet Section H of the Tender Response Document.

The most competitive tender which meets the specification in each area will receive the full marks. Less competitive tenders will receive a % of the maximum mark that represents the difference in cost between that tender and the most competitively priced tender.

MANAGEMENT OF HEALTH AND SAFETY AT WORK REGULATIONS GENERAL RISK ASSESSMENT - FORM RA1

NAME OF ESTABLISHMENT: DAVID ROGERS ELECTRICAL CONTRACTORS

Prior to completing risk assessments within a department/school or section, each work activity should be prioritised to establish levels of risk. This will enable the assessment team to establish the work activities which may result in serious harm i.e. high risk and concentrate on producing adequate measures to control the risks.

Look at the workplace and define the work activities that take place within the organisation. Establish what level of risk there is for the particular work activity to cause harm i.e. high/medium/low, and note the reasons for this decision. Concentrate first on those work activities that are considered to be high risk and carry out risk assessments for these activities, following which medium and low risk activities should be assessed.
