Persons proposing to submit a Tender are advised to read the Invitation to Tender documentation carefully to ensure that they are fully familiar with the nature and extent of the obligations to be accepted by them if their Tender is accepted.
- 1.4 The Invitation to Tender documents must be treated as private and confidential. Tenderers should not disclose the fact that they have been invited to tender or release details of the Invitation to tender document other than on an “in confidence” basis to those who have a legitimate need to know or who they need to consult for the purpose of preparing the tender as further detailed in these Instructions for Tendering.
- 1.5 Tenderers shall not at any time release information concerning the invitation to tender and/or the tender documents for publication in the press or on radio, television, screen or any other medium without the prior consent of the Council.
- 1.6 The fact that a Tenderer has been invited to submit a tender does not necessarily mean that it has satisfied the Council regarding any matters raised in the pre-tender questionnaire submitted. The Council makes no representations regarding the Tenderer’s financial stability, technical competence or ability in any way to carry out the required services. The right to return to any matter raised in any pre-tender questionnaire submitted as part of the formal tender evaluation is hereby reserved by the Council.

## **2.0 Terms and Conditions**

- 2.2 The Tenderer is advised that in the event of their Tender being accepted by the Council, they will be required to undertake the required services.

## **3.0 Preparation of Tenders**

### **3.1 Completing the Tender Response Document**

**3.1.1** Tenders should be submitted using the 'Tender Response Document' following the instructions given at the front of the document. The Tenderer's attention is specifically drawn to the date and time for receipt of Tenders and that no submission received after the closing time will be considered.

**3.1.3** The Invitation to Tender Documents are and shall remain the property and copyright of the Council

### **3.2 Tender Preparation and Costs**

**3.2.1** It shall be the responsibility of Tenderers to obtain for themselves at their own expense all information necessary for the preparation of their Tender. No claim arising out of want of knowledge will be accepted. Any information supplied by the Council (whether in the Tender Documentation or otherwise) is supplied only for general guidance in the preparation of tenders.

**3.2.2** Any Tenderer considering making the decision to enter into a contractual relationship with the Council must make an independent assessment of the Tender opportunity after making such investigation and taking such professional advice as it deems necessary.

**3.2.3** Tenderers will be deemed for all purposes connected with their Tender submission where appropriate to have visited and inspected the Council, its assets, all the locations in respect of the delivery of the services/supplies/works and to have satisfied themselves sufficiently as to the nature, extent and character of the services supplies/works sought, and the human resources, materials, software, equipment, machinery, and other liabilities and other matters which will be required to perform the contract.

regarding the true meaning and intent of any element of the specification he is invited to have these fully resolved before submitting his Tender. No extras will be allowed for any loss or expense involved through any misunderstanding arising from his/her failure to comply with this requirement.

**3.2.8** Any Tender error or discrepancy identified by the Council shall be drawn to the attention of the Tenderer who will be given the opportunity to correct, confirm or withdraw the Tender.

**3.2.9** The Tender Documents must be treated as private and confidential. Tenderers should not disclose the fact that they have been invited to tender or release details of the Tender document other than on an In Confidence basis to those who have a legitimate need to know or whom they need to consult for the purpose of preparing the Tender.

Where the direct parent company cannot provide an adequate guarantee in the opinion of the Council, the Council will look to another group or associate company, with adequate assets, to be the guarantor. In cases where the contract is with a Joint Venture Company (JVC) or a Special Purpose Vehicle (SPV) company, which may have two or more parent companies and which may not be adequately capitalised or have sufficient financial strength on its own to support the risk and obligations it has under the contract, 'joint and several' guarantees / indemnities from the parent companies of the JVC or SPV may be sought.

**4.3** Qualified tenders may be submitted, but the Council reserves the right not to accept any such tender. The Council's decision on whether or not a Tender is acceptable will be final.

4.4 Tenderers should note that their Tender must remain open and valid and capable of acceptance for a period of at least 90 days.

4.5 Tenderers should note that Tenders and supporting documents must be written in English and that any subsequent contract, which may or may not be entered into, its formation, interpretation and performance, shall be subject to and in accordance with the laws of England and subject to the jurisdiction of the Courts of England and Wales.

5.1 The Council is interested in alternative solutions which would provide and develop opportunities for savings in service costs, service improvement or other financial benefits. In particular, the Council wishes to encourage solutions which also deliver benefits and added value to the local economy, residents and the business community.

5.2 Tenderers may submit, at their discretion, a Tender offering a different approach to the project as a "Variant Bid". However, to permit comparability, at least one bid must be submitted strictly in accordance with the Invitation to Tender Documents (the "Compliant Tender") . Any Tender variant proposed must clearly state how it varies from the requirements of the Compliant Tender Documents, and be explicit in demonstrating the benefits that will accrue to the Council from adopting this approach. Tenderers will be required to identify which submission, in their view, demonstrates best value to the Council.

5.3 Variant Bids must contain sufficient financial and operational detail to allow any Variant Bid to be compared with the standard Tender, permitting its considerations in written form.

## **7.0 Tender Evaluation**

- 7.1** The Tenderers may be called for interview to seek clarification of their tender or additional or supplemental information in relation to their tender. The presentations will not carry any weighting to the final score achieved by Tenderers, but will be used to clarify and moderate issues raised in the Tenderer's submissions. Any areas of discrepancy between submissions and information gained from the presentations will be reviewed and scores previously awarded will be amended if necessary.
- 7.2** If the Council suspects that there has been an error in the pricing of a Tender, the Council reserves the right to seek such clarification, as it considers necessary from the Tenderer in question.

- ii) communicating with a Tenderer, a Tenderer's representative or agent in respect of this procurement exercise;

**10.4.3** Tenderers shall not undertake any publicity activity within any section of the media.

- 10.5** Tenderers may disclose, distribute or pass this Invitation to tender to their professional advisors, sub-contractors or to another person provided that:

- 11.2** In certain circumstances, and in accordance with the Code of Practice issued under section 45 of the Act, Shropshire Council may consider it appropriate to ask you for your views as to the release of any information before we make a decision as to how to respond to a request. In dealing with requests for information under the Act, Shropshire Council has to comply with a strict timetable and it would therefore expect a timely response to any such consultation within five working days.
- 11.3** If, at any stage of this tendering process, you provide any information to Shropshire Council in the expectation that it will be held in confidence, then you must make it

clear in your documentation as to the information to which you consider a duty of confidentiality applies. ## **17.0 Payment Terms**

**Tenderers should particularly note** that the principles governing public procurement require that, as far as is reasonably possible, payments for Goods, Works or Services are made after the provision. Therefore any indication of a pricing strategy within a Tender which provides for substantial payments at the outset of the Contract will be examined carefully to decide whether or not a Tender in such form can be accepted. If in the opinion of the Council such substantial payments appear excessive in relation to the requirements of the Contract the Council reserves, without prejudice to any other right to reject any Tender it may have, the right to require the Tenderer to spread such proportion of the costs as are considered excessive over the duration of the Contract.

## STATEMENT OF HEALTH AND SAFETY POLICY

Shropshire Council recognises and accepts its responsibility as an employer for providing a safe and healthy work place and working environment for all its employees and others who may be affected by its work activities and undertakings.

The Council will, so far as is reasonably practicable, meet this responsibility paying particular attention to the provision and maintenance of:

- i) plant, equipment and systems of work that are safe;
- ii) safe arrangements for the use, handling, storage and transport of articles and substances;
- iii) sufficient information, instruction, training and supervision to enable all employees to avoid hazards and contribute positively to their own safety and health at work;
- iv) a safe place of work with safe access to and egress from it;
- v) a healthy working environment;
- vi) adequate welfare facilities.

The Council will support all its employees in promoting the culture necessary and comply with the duties set out in The Equality Act 2010 to achieve on-going improvement of health and safety performance without detracting from the primary responsibility of managers for ensuring safe conditions of work; will ensure the provision of adequate competent advice on safety and welfare matters where this is necessary to assist management in its task.

Overall responsibility for carrying out this policy rests with the Chief Executive. Within Service Areas responsibility for implementation will be undertaken by the appropriate Director and/or Head of Service, who in turn will delegate responsibilities for local management of Health and Safety to managers.

A Occupational Health and Safety Manager is appointed to co-ordinate this policy, and provide a Health, Safety and Wellbeing Advisory Service. Duties will require visits to any working area and it will be necessary for all Service Areas to work closely with Safety Officers.

The Occupational Health Service provides professional occupational health services and occupational policy advice to the Council and its employees. The Service works closely with the Health and Safety Manager in order to promote high standards of health, safety and wellbeing and has direct access to management at all levels.

No safety policy can be successful without the full involvement and co-operation of all employees in ensuring the safety of themselves, their colleagues and others who may be affected by their work activities. The Council will therefore co-operate fully in the appointment of safety representatives with sufficient facilities to carry out their duties. The Council will maintain a Corporate Health, Safety and Welfare Group and ensure that health and safety is discussed at Group Managers', Service Managers' and Team meetings, so that health and safety information is circulated throughout the organisation.

The Council reminds its employees of their own duties under the Health and Safety at Work Act. All employees have a duty to take reasonable care for their own safety and that of others who may be affected by what they do or fail to do. Further, they must co-operate with the Council so far as is necessary to enable the Council to carry out its duties under the Act.

## Our Vision:

**“Our vision for Shropshire is to stabilise and progressively reduce our environmental footprint”.**

Sustainability is a corporate value and the Council recognises the impact that its day to day activities have on the environment and the importance of managing the resources used. We aim to reduce our resource consumption as an authority and promote sustainable practices throughout our organisation, partners and the county as a whole. The localism agenda will be used to empower communities to become more sustainable and climate resilient.

### **Our Responsibility:**

The corporate responsibility for this policy rests with the full Council and all employees. We expect every decision-maker in Shropshire Council to integrate sustainability, environment and climate change considerations into strategic and day-to-day decision making processes.

<http://notes2/shropshire/carbonmanagement.nsf>
