				7	"The site is allocated within the SAMDev Plan. Part of the site is brownfield (Approx 35%) and part is greenfield (Approx 65%). The brownfield element of the site is approximately 0.48ha, whilst the total site size is some 1.39ha. It is anticipated that the brownfield component of the site has a capacity for some 7 dwellings, whilst the total site capacity is some 20 dwellings."							"The site is allocated within the SAMDev Plan. Part of the site is brownfield (Approx 35%) and part is greenfield (Approx 65%). The brownfield element of the site is approximately 0.48ha, whilst the total site size is some 1.39ha. It is anticipated that the brownfield component of the site has a capacity for some 7 dwellings, whilst the total site capacity is some 20 dwellings. The site is considered deliverable. The map shows the full extent of the site and not only the brownfield area."	2017-12-22	2017-12-22
				200	"Significant mixed use redevelopment, including around 1,000 dwellings. The brownfield element of the site is approximately 43.42ha, whilst the total site size is some 142ha. It is anticipated that the brownfield component of the site has a capacity for approximately 200 dwellings, whilst the total site capacity is some 1,000 dwellings. It is anticipated that much of the delivery on this site will occur beyond the next 15 years."	"Significant employment development on brownfield element of the site associated with retained infrastructure. Community and leisure facilities associated with a development of this scale."						"The site is a strategic site that has been identified within the Local Plan Review. Part of the site is brownfield (Approx 30%) and part is greenfield (Approx 70%). The brownfield element of the site is approximately ha, whilst the total site size is some 142ha. It is anticipated that the brownfield component of the site has a capacity for around 200 dwellings, whilst the total site has capacity for around 1,000 dwellings. Development of the site will involve significant employment development. The site is considered deliverable in accordance with the timescales detailed in the Masterplan. The map shows the full extent of the site and not only the brownfield area."	2017-12-22	2017-12-22
				30	"Redevelopment of land for a mixture of uses including residential dwellings."	"Existing consent for the construction of a commercial unit and associated infrastructure on part of the site."						"Part of the site has recently been granted Planning Permission for a new commercial unit and associated infrastructure. Much of the remainder of the site is currently occupied, however it is considered that the site will become available for residential development in the future. The site is considered suitable, achievable and viable."	2017-12-22	2017-12-22
				5	"Redevelopment of the site for around 5 dwellings."							"The site is being considered within the Strategic Land Availability Assessment (SLAA). Site is considered suitable, likely to become available, achievable and viable."	2017-12-22	2017-12-22
				5	"Redevelopment of the site for around 5 dwellings."							"The site is being considered within the Strategic Land Availability Assessment (SLAA). Site is considered suitable, likely to become available, achievable and viable."	2017-12-22	2017-12-22
				10	"Redevelopment of the brownfield element of the site for around 10 dwellings, whilst the total site capacity is some 12 dwellings."							"The site is being considered within the Strategic Land Availability Assessment (SLAA). Part of the site is brownfield (Approx 85%) and part is greenfield (Approx 15%). The brownfield element of the site is approximately 0.19ha, whilst the total site size is some 0.23ha. Redevelopment of the brownfield element of the site for around 10 dwellings, whilst the total site capacity is some 12 dwellings. Site is considered suitable, likely to become available, achievable and viable."	2017-12-22	2017-12-22
				11	"Opportunity to redevelop the brownfield element of the site only. Suitable for a mixed use development including medium density residential development typically comprising a mix of detached, semi-detached and terraced dwellings."	"Mixed use development must include replacement leisure facilities associated with the cricket pitch."						"The site is being considered within the Strategic Land Availability Assessment (SLAA). Site is considered suitable, likely to become available, achievable and viable."	2017-12-22	2017-12-22
				5	"Redevelopment of the site for around 5 dwellings."							"The site is being considered within the Strategic Land Availability Assessment (SLAA). Site is considered suitable, available, achievable and viable."	2017-12-22	2017-12-22
